

# Elementary STEM Activity

**Topic:** Animal Habitats

**Grade Level:** 2-5

## ***Objective***

Students explore and understand animal habitats through observation and activities.

## ***Learning Outcomes***

- Understand animal habitats
- Develop observation skills
- Practice teamwork
- Build curiosity about science

## ***Materials***

- Paper
- Pencil
- Colors
- Chart
- Classroom objects

## ***Activity Steps***

1. Introduce animal habitats.
2. Show real examples.
3. Allow students to explore.
4. Record observations.
5. Discuss findings.

## ***Observation Table***

Item	Observation

## ***Discussion Questions***

- What did you learn about animal habitats?
- What did you observe?
- Why is this important?
- Where do we see this in real life?

## ***Extension Activity***

Draw and label animal habitats and present to class.
