

Elementary STEM Activity

Topic: Five Senses

Grade Level: K-2

Objective

Students explore and understand five senses through observation and activities.

Learning Outcomes

- Understand five senses
- Develop observation skills
- Practice teamwork
- Build curiosity about science

Materials

- Paper
- Pencil
- Colors
- Chart
- Classroom objects

Activity Steps

1. Introduce five senses.
2. Show real examples.
3. Allow students to explore.
4. Record observations.
5. Discuss findings.

Observation Table

Item	Observation

Discussion Questions

- What did you learn about five senses?
- What did you observe?
- Why is this important?
- Where do we see this in real life?

Extension Activity

Draw and label five senses and present to class.
