

Elementary STEM Activity

Topic: Parts of a Plant

Grade Level: 1-3

Objective

Students explore and understand parts of a plant through observation and activities.

Learning Outcomes

- Understand parts of a plant
- Develop observation skills
- Practice teamwork
- Build curiosity about science

Materials

- Paper
- Pencil
- Colors
- Chart
- Classroom objects

Activity Steps

1. Introduce parts of a plant.
2. Show real examples.
3. Allow students to explore.
4. Record observations.
5. Discuss findings.

Observation Table

Item	Observation

Discussion Questions

- What did you learn about parts of a plant?
- What did you observe?
- Why is this important?
- Where do we see this in real life?

Extension Activity

Draw and label parts of a plant and present to class.
