

High School STEM Activity

Topic: Cybersecurity Basics

Objective

Students explore concepts and design solutions related to cybersecurity basics.

Materials

- Laptop or tablet
- Internet access
- Notebook
- Chart paper
- Markers

Procedure

1. Introduce the concept of cybersecurity basics.
2. Discuss real-world applications.
3. Identify problems to solve.
4. Design a model or system.
5. Present and explain solutions.

Observation / Notes

Observation/Idea	Notes

Discussion Questions

- Why is cybersecurity basics important?
- What problems does it solve?
- How can technology improve it?
- What careers use this field?

Extension Activity

Design a project related to cybersecurity basics and present your solution.

Cybersecurity Basics - Sample Design
