

High School Math & Statistics Activity

Topic: Correlation & Regression

Objective

Students explore and apply correlation & regression concepts.

Materials

- Notebook
- Calculator
- Graph paper
- Ruler
- Markers

Activity Steps

1. Introduce correlation & regression concept.
2. Solve example problems.
3. Analyze real-world scenarios.
4. Record solutions and observations.
5. Present findings.

Observation / Notes

Problem	Solution/Notes

Discussion Questions

- What is correlation & regression?
- Where is it used in real life?
- What patterns did you observe?
- How can this help in decision making?

Extension Activity

Create a real-life project using correlation & regression and present.
